### Group Training versus Employing Direct

The Apprentice and Traineeship Company (ATC) is a division of Group Training South West. Their objective is to ensure all apprentices and trainees graduate with real skills and real jobs. The combination of on-the-job instruction and work place training ensure each reach the skill levels required to advance through each stage of the path to qualifying. Field officers from ATC visit the workplaces on a regular basis to ensure adequate on-the-job training is being provided and carry out assessments.

ATC are a not-for-profit, non government organization committed to find the most suitable apprentice or trainee for your business. As a Group Training Company they will do the leg work for you, cutting through the cost of advertising and down time from interviewing and processing applicants. ATC make it simple: they are the extra layer of support for you and your employee offering ‘no fuss’ training system and ‘no worry’ administration. ATC visit host employers regularly to ensure that all is going well and to resolve any issues or concerns.

ATC are committed to providing competent, honest and dependable service and strive to meet their clients expectations in supplying them with the most suitable, reliable and trained workers. So if you are looking for an apprentice, trainee or even a more experienced tradesperson, talk to our CMAWA partner and ATC Field Officer, Chris Gray on 0439 957 831

The Apprentice and Traineeship Company  
Suite 4/7 Hector Street West  
Osborne Park WA 6017

### Apprenticeship Support

CMAWA are working closely with Apprenticeship support networks to gather all the latest information on Government supported training solutions. There are various employer grants and subsidies available plus plenty of supportive mechanisms. More information will be included in the next eNews bulletin but for the meantime, here are some useful contacts or call Sheila (EO ) on 0439 944 660

### Did you know?

Polytec have partnered with the McGrath Foundation to help raise funds for placing McGrath Breast Care Nurses in communities right across Australia.

Polytec aim to raise \$130,000 to help fund another McGrath Breast Care Nurse for a year. By selecting polytec products for your next project and from as little as \$2.20 per order you will play an integral part in supporting families affected by breast cancer.

There are two sponsorship packages to select from, both including heaps of associated benefits and all this from only \$2.20 per order. Sign up through on-line ordering or through your local polytec representative.

Well done polytec on this wonderful initiative

### ***New Model Ruling***

Our new Constitution which was passed by Special Resolution on 28th August 2018 has been approved by the Commission with effect from 26th September 2018. This is excellent news as we now align ourselves perfectly with the Associations Act 2015. During this process, focus was placed on enhancing the benefits for our members relating to membership fees in particular. As this initiative has now been approved we can formally update our records and pass on these benefits to each of you.

The annual subscriptions for both Associate and Affiliate Members have remaining static for a number of years and will continue to do so for the interim period. Instead of any increase being incurred there is now a chance for any member to enjoy a huge rebate on their annual subscription and even enjoy a years membership for no outlay at all.

The way this works is on a referral basis. If a member refers a new oncoming member who is accepted, that referee member will receive a 25% rebate on their next years annual subscription. Refer four new members and the referee will receive 100% rebate. It's a fairly basic exercise but one that should work well, both benefiting and supporting our members and at the same time increasing our membership base. I am sure most of you know of someone that is not currently a member of the CMAWA but would be keen to learn more. So, let's work in partnership to make this happen.

A copy of the new CMAWA Constitution can be downloaded from the member section. Please contact Sheila (EO) if you have misplaced your access code.

### **CMAWA Committee 2018 updated**

Following the recent resignation of Carl Gaglio as CMAWA Secretary we have pleasure to advise our newly appointed Secretary is Samuel White of Samuel Cabinetry. Sam was nominated and accepted this position at our recent Committee meeting on 18th September.

Carl's resignation came about due to a total change in his career direction and in Carl's opinion, this new venture would not leave him sufficient time to fulfil his CMAWA duties. Carl's dedication and support to the CMAWA Management Committee was outstanding, His presence and consistency in his communications within the group played an integral part in forming a strong team. Welcome Sam to your new CMAWA Management Role
